

MARCH 2022 NEWSLETTER

Dear Ice skating Families,

We want to thank our families and skaters for your support in this successful Skating Club of Jackson Hole (SCJH) season. We know it was not easy as we adapted our policies to manage through the dynamic changes in cases of COVID-19 in our community. Your support, persistence, donations to Old Bill's, and volunteering made it possible for the club and skaters to flourish this season. Highlights include 165 skaters enrolled in fall and winter seasons, holiday show with two guest skaters and an up-coming Spring Show to highlight the end of season. Over the course of this season, skaters have achieved higher levels of skating, taken on coaching and mentoring responsibilities, and competed in skating competitions. We also appreciate your feedback from the survey. We will be using this information to improve and enhance the program. Importantly, our mission aligns with what you are seeking from the program, which is to promote advancement in skating, health, friendships, and community. – Marnie Peterson, President of SCJH Board

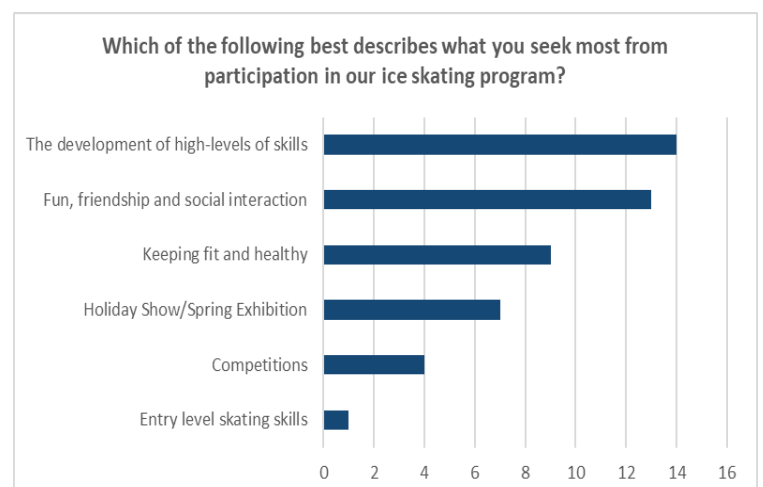

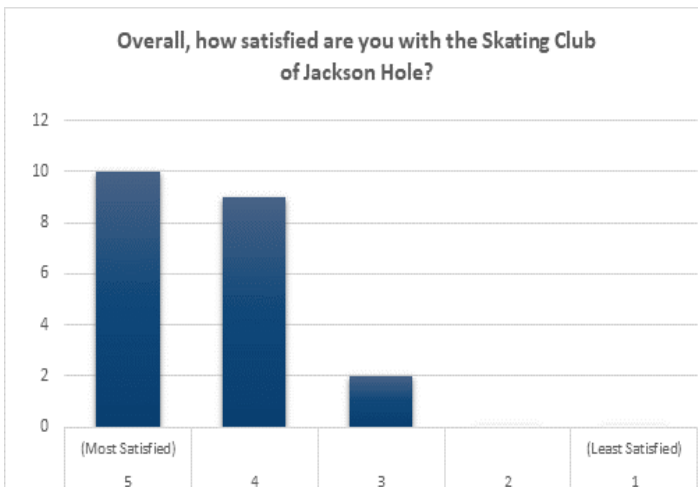

The **Elections for the Board of Directors** are coming up in March. If you want to step up and run for the board, or if you want to become a full member and have voting rights, please contact the club secretary at SkatingClubofJHSecretary@gmail.com by **March 11th, 2022**, which is the deadline for Board of Directors nominations and voting members sign-up.

PARENT SURVEY RESULTS

We'd like to share with you the results of our January 2022 survey. Thank you all that had participated. We received 21 responses, 4 from our Adult skaters, 4 from Advanced Academy skaters, 4 from Aspire skaters and 9 from LTS/LTS Hockey, therefore, following answers are quite representative of all of our programs.

Overall, the satisfaction with our club, programs and coaches was very high, which we greatly appreciate, and we will do our best to keep up the high quality of the programs and keep on improving them.

WORD FROM OUR DIRECTOR:

SCJH had an amazing season, we were able to operate our program with minimal closures (YAY). This season we hosted our Holiday Show (with no issues) and we are planning an amazing Spring Show to take place 03/13/2022. We have high numbers of skaters participating in both shows as well as skaters having opportunities to test and compete now that competitions start to be held again.

We received lots of comments and some improvement suggestions, which were reviewed by the directors and board members. We appreciate all the comments, they've given us important insight and we will do our best to incorporate some of them next season. We would like to address some of the comments from the survey now:

Ice times – unfortunately, the ice time is very limited, expensive and it is in great demand. Our club is always seeking for ways to provide and cover cost of more ice time for our skaters, and we will continue to pursue every option possible to make it happen; however, for the most part our allotted ice time is set.

Teamwork & Team Spirit – Coming out of these crazy times we need this as much as possible. Our club is planning to renew social & team building events for our skaters as soon as our Covid Risk Levels drop and remains low. Our staff & board would like to thank all of you for compliance, and overall positivity with the mask mandate and keeping everyone safe and our program running through these crazy times, it hasn't been easy for any of us.

We will keep everyone posted on summer ice opportunities and registration will open in September for the 2022/2023 season.

Best- Lacey

SCJH's Graduating Seniors: Zoya Lavroushin & Mira Roddy

Thank you for your years with the club and we wish you nothing but the best in your coming adventures.
